Welcome to Jerzyland!

Thank you for downloading the Jerzyland visuals!
The package includes an Intro and Loops as well as a Master Loop (perfect for bathroom breaks!). Files are 1920x1080, 30fps, and H.264 codec (convert to DXV3 for Resolume).

Please DO NOT mix outside content with Jerzy's visuals and please AVOID adding color to the Black & White look. Have fun and melt some faces
